Subject: Application for AI Software Engineer Position

Dear Hiring Team,

I hope you are doing well.

I am applying for the AI Software Engineer position at TechVision Technologies.

I recently completed my Bachelor of Technology in Computer Science and Engineering.

My technical skills include:

- Python
- Java
- SQL
- React
- FastAPI
- Machine Learning
- Generative AI
- Retrieval-Augmented Generation (RAG)
- Prompt Engineering
- Git & GitHub

I have worked on several AI projects, including:

• Document Q&A with Citations

• RAG Evaluation Suite

• LLM Cost Optimisation Study

Please find my resume attached for your review.
